

ACTIVITY Rusty's Madlib Fun

Fill in the blanks using the clues in parentheses.

Our class was interested in learning about where all of our trash ends up so we _____ (mode of transportation) to a landfill. It took a super long time to get there though because the landfill is located really far away, all the way in the state of _____ (a US state). The landfill was _____ (adjective) and super _____ (adjective)! We saw so many things there, from toothbrushes to backpacks to _____ (plural noun) and more! One thing that I saw was a _____ (your item). This item is made from many different materials, such as _____ (a natural resource) and _____ (a natural resource). These materials are then manufactured by _____ (person or people) and sent to _____ (a place) where it was probably bought or used by _____ (person or people) to _____ (verb). Even though it was likely used for only _____ (length of time) it's now going to stay in the landfill for another _____ (length of time) before it _____ (verb)! Can you believe that?
