GREENMARKET MAP 2011

GrowNYC's Greenmarket program promotes regional agriculture and ensures a continuing supply of fresh, local produce for New Yorkers. Greenmarket has organized and managed open-air farmers markets in New York City since 1976. Greenmarket supports farmers and preserves farmland for the future by providing regional small family farmers with opportunities to sell their fruits, vegetables and other farm products to New Yorkers.

Select Greenmarkets allow New York City residents to recycle textiles, compost and rechargeable batteries. Refer to the map for program availability at your market. Please note collection times may differ from market times. Contact 212.788.7964 for more information.

Youthmarket is a network of urban farm stands operated by neighborhood youth, supplied by local farmers, and designed to bring fresh fruits and vegetables to communities throughout New York City. These markets accept EBT.
