GREEN ARTISTS Using the natural world as our inspiration, children can draw, paint, write and create earth-friendly art.

11:00 – 12:00 & 1:00 – 2:00 Presentation by Claire Arthurs of Clay Pit Ponds

A SURVEY OF ROOFTOP SOLAR APPLICATIONS IN NYC: SOLAR THERMAL AND PHOTOVOLTAICS Learn the about the two most common types of solar power used in New York City homes, and how to determine which one is right for you. "White roofs" and "green roofs" will also be discussed.

12:00 - 12:30 Presentation by Max Joel of Solar One

EARTH GAMES Monkey around with the staff at Clay Pit Ponds. Walk in a spider web without getting stuck. Win a recycling relay. Transform yourself from a cloud to a glass of water? Join Mother Nature as she tests Lady Luck!

12:00 – 2:00 Presentation by Claire Arthurs of Clay Pit Ponds

RECYCLE LIKE A PRO! Test your recycling knowledge and hear about current recycling laws and old misconceptions. Learn about other ways to reduce waste, recycle more and help make Staten Island even greener.

12:45 - 1:15 Presentation by Michael Rieser of GrowNYC

REDUCING ENERGY COSTS THROUGH ENERGY EFFICIENCY Find out how to reduce fuel and utility costs while improving resident comfort and building performance. Learn what incentives and financing options are available for your building.

1:30 - 2:00 Presentation by Max Joel of Solar One

EXHIBITORS Vendors of green services, products, and technologies will be on hand to answer technical questions. Local green groups will also be present.

Financial support provided by the US EPA under a grant agreement.
