

Cornell Cooperative Extension at Greenmarket

Staff and volunteers from Cornell Cooperative Extension's Farmers Market Nutrition Education Program perform cooking demonstrations at our markets using seasonal ingredients to encourage consumption of locally grown fruits and vegetables and promote proper use of FMNP checks. Their goals are to increase access to fresh fruits and vegetables, motivate participants to purchase and increase their consumption of these foods, and promote both New York State growers and the farmers markets where they sell their products. **Here is a list of Greenmarkets that will be hosting the Cornell Cooperative Extension in 2018:**
