**GrowNYC Impact**

For the last 50 years, we have believed that everyone can make a positive impact and that collective action is necessary to secure a clean & healthy environment for future generations.

As a nonprofit organization, we rely on donations to support our work:

Conservation: We work to make it second nature for all New Yorkers to lead environmentally conscious lifestyles through conservation of our natural resources.

Education: We engage all New Yorkers in environmental stewardship and education to win the fight against climate change.

Food Access & Agriculture: We create opportunities for all New Yorkers to be active participants in creating an equitable food system that supports small farms and keeps people and the planet healthy.

Green Space: We help NYC schools and neighborhoods create and maintain gardens, bringing people together, creating beauty, combating climate change, and adding vital green space to our city.

Becoming a monthly donor is the most sustainable way to support our programs! Monthly donations provide support for our work all year long, and allow us to set more ambitious, long term goals. www.grownyc.org/donate
