Greenmarket Organization Information

Greenmarket is a program of GrowNYC, formerly the Council on the Environment of NYC. Greenmarket's mission is to promote regional agriculture and ensure a continuing supply of fresh local produce for all New Yorkers.

Greenmarket supports farmers and preserves farmland for the future by providing regional, small family farmers with opportunities to sell their fruits, vegetables and other farm products to New Yorkers.

Greenmarket Youth Education connects thousands of New York City schoolchildren in grades K-12 with Greenmarkets and our farmers to help them gain an understanding of local agriculture and the importance of eating fresh, seasonal foods. Fun, interactive learning experiences allow children to build an understanding of how food choices impact their bodies, their environment and their communities. Our **School Tours at Greenmarket** program reaches over 6,000 children each year.
