

**Taste The Seasons: GrowNYC Greenmarket Celebrates
2024 Farmers Market Season in New York City!**

The nonprofit celebrates the 48th season offering opportunities for New Yorkers access to farm fresh food and vital revenue for small farms in the Northeast.

June 2024 - Today, GrowNYC Greenmarket announces the **opening of 22 seasonal farmers markets across the five boroughs!** The year-round **Greenmarket** farmers market network is doubling in size as farmers bring additional delicious seasonal delights to markets from **May through November**. Throughout the season New Yorkers (and visitors!) can find a bounty of fresh, local products at **46 Greenmarkets** throughout the city.

"The seasonal bounty and selection of producers at GrowNYC Greenmarket sites is unparalleled, from just-picked fruits and vegetables, artisan breads & baked goods, jams, fresh caught fish, maple syrup, flowers, and so much more week after week, all season long. Swing by the market information tent for special cooking demonstrations, seasonal programming, and learn more about how to use your nutrition benefits to purchase the freshest produce in the Northeast!" said Angela Davis, Director of GrowNYC Food Access & Agriculture.

Since 1976, this vital food access program has offered opportunities for New Yorkers to access farm fresh food and provided a vital marketplace for farmers in the Northeast to sell directly to customers. GrowNYC Greenmarket farmers markets are producer-only, meaning producers may only sell only what they've grown, raised, caught, or baked themselves. Greenmarket producers come from 250 miles north, 120 miles south, and 170 miles east and west of New York City. This ensures the program is partnering with small to mid-sized farms and preserving farmland in our regional foodshed.

As part of GrowNYC's mission to provide equitable access to nutritious food, all Greenmarket locations accept SNAP/EBT, Summer EBT, Debit/Credit, Healthfirst OTC cards (LIP and CC members only), WIC & Senior FMNP coupons, FreshConnect Checks, and Greenmarket Bucks. Customers using SNAP/EBT/P-EBT that spend \$2, receive a bonus \$2 Health Buck, up to \$10 per day.

Join GrowNYC Greenmarkets annual ribbon cutting to kick-off farmers market season across the five boroughs! Taste in season regional produce, celebrate access to fresh and affordable food, and discover the joy of connecting with farmers and producers from the Northeast.
